### CAPT. KOENIG PLANS HOME- WARD DASH BY FRIDAY

Stevedores Work Steadily Sunday Loading Cargo of Crude Rubber and Nickel.

New London, Conn., Nov. 5.—Capt. Paul Koenig of the German submarine merchantman Deutschland, which arrived here last Wednesday, indicated today that he would make his homeward dash next Friday—probably late in the afternoon.

Stevedores worked steadily all day loading a cargo of crude rubber and nickel; the Deutschland's crew was engaged in overhauling the engines and five mechanics from a local shipyard practically completed the work of tightening rivets on the craft's bow which had become loosened by tossing in the high sea. Captain Koenig today visited the government submarine base and later conducted Commander Stirling and his officers through the Deutschland.

Fourteen members of the German embassy at Washington came here today and greeted the Deutschland's captain and crew aboard the liner Willehad.

Religious services were held on the Willehad for members of the submarine's crew this afternoon. Rev. O. E. Heydenreich, of Hartford, prayed for their safe return to the Fatherland.

### HUGHES IS OFF FOR OHIO AND INDIANA TRIP

Three Days in Those States, Then Last Two Days of Campaign in New York State.

Ogdenburg, N. Y., Oct. 29.—Chas. E. Hughes today on the last week of his presidential campaign. He saw no callers today and left at 5 p. m. for points in Ohio and Indiana.

Only five more days of active campaigning confront the Republican nominee. Three will be spent in Ohio and Indiana and Thursday and Friday in New York State. His last speech of the campaign will be delivered in New York City next Saturday night.

Mr. Hughes entered on the last week of his campaign in better physical condition than he has been in at any time during the last three months. His voice has shown little of the strain noticeable in his previous trips and is clear and strong. He expects to deliver 23 speeches before reaching New York Saturday.

### BOLL WEEVIL LOSS IS MANY MILLIONS

President of National Ginners' Association Puts Damage at Fifth of Billion.

New York, Nov. 4.—Approximately 2,000,000 bales of cotton, valued at about \$200,000,000, has been destroyed by the boll weevil, and about 79 per cent of the cotton belt was infested by the insect this season, reports J. A. Taylor, president of National Ginners' association, who has just returned from an extensive trip through the cotton belt.

"There has never been a year in cotton industry when the weevil has done so much damage," said Mr. Taylor. "The pest has spread greatly. I estimate the damage at 34 per cent greater than last year, all of it, in new territory where the boll weevil has never been known. The weevil this year reached the Atlantic coast for the first time."

Mr. Taylor said that he had received reports from the South showing that the pest had covered more counties this year than during the last four years combined. Alabama, Tennessee, Mississippi, Georgia, Arkansas and Oklahoma were most seriously affected.

### MILL MAN KILLED BY HIS NEIGHBOR

Kings Mountain, Nov. 5.—Raleigh Phillips, an operative in the Klothe Mill, was instantly killed early this morning at the Klothe Mill village by Russell Williams, a fellow employee, when he was shot through the heart with a shotgun. No reason is given for the deed other than the allegation Williams was drunk at the time. The gun was so close to the victim the discharge set fire to his clothing.

Phillips and an eye-witness to the shooting were standing on the street talking when Williams burst from his door with the gun in his hand. According to Phillips' companion Williams stepped in front of them and demanded to know their names, and then fired. He then threw the gun away and made his escape.

The wife of the shootist says he had been drunk, it is claimed, and had left the house with the statement he was going forth to see whom he could kill. A search is being made for Williams but no clue as to his whereabouts had been obtained at a late hour tonight.
